Paul Appeals to a Centurion
Acts 22:22-29**

Observing the text

Why did the Jews suddenly become so upset?

Why did the Roman commander not know why the Jews were so against Paul?

What did he do to find out and why did he use the approach that he did?

How did Paul prove that he was a Roman citizen?

Why did the Romans respond to Paul in the manner they did and why did they send him to the Jewish council?

Applying the sermon

How was God uniquely preparing you to serve Him even before you became a Christian?

When have you seen non-Christians not understand what religious people were talking about? How can we talk about our faith in ways that are more understandable to unbelievers?

When have you suffered unjustly for Christ? What lessons from Paul might help you?

How have you seen Christians or churches miss the purpose of God because of their human methods or traditions?
