**Study Aid for the Sermon from November 4, 2018  
Paul Avoids a Conspiracy  
Acts 23:12-22**

**Observing the text**

What does this section of Acts tell us about Paul?

What can you tell about those who conspired to have Paul killed?

Why does Luke include the details of Paul's deliverance?

Track the actions of the commander in chapters 21-23. What does this teach us about the work of God?

**Applying the sermon**

Consider the result when you have seen people who are trying to serve God with wrong beliefs and pride. How do these negative examples help protect you from their same error?

What are the promises of the Lord's deliverance that you can be confident in?

When have you seen God work through seemingly normal events in life to bring you to serve him more fruitfully?

Take time to express to the Lord your gratitude for how He used the evil actions of man to deliver you to saving faith and the knowledge of God.
