**Study Aid for the Sermon from May 12, 2019
A Biblical Theology of Parenting
2 Timothy 3:14-15**

Observing the text

How is your ministry to your family similar or different from your ministry to other people?

How do we measure success in our ministry to our family? What confidence can we have in our service to our family members?

Who did Timothy learn from in 3:14? How did Timothy learn of faith in Christ?

What is the command in 3:14-15 and what does this tell us about ministry to families?

Applying the sermon

In what ways have you failed to see the significance of theology in regard to your ministry to your family?

How can you be an encouragement to the parents of our church in their challenges in their family life?

How can you serve the families of the friends of your children by sharing the truth of Christ?

Take some time to pray for the spiritual life of the people in your family.
